Visit from Anneka Lloyd

On Monday, the 2nd of September, the Year 6/7’s had a visit from Anneka Lloyd, the drama coordinator from Isis High School.

Miss Lloyd voluntarily gave up her time to help the students with filming tips for their news reports.

As the students had already written the scripts for their news article, Miss Lloyd spoke about the filming process and how different camera shots and angles would give the presentation more impact.

The students listened attentively and weren’t afraid to try out her ideas.

All in all, the students had fun experimenting and filming, not to mention acting, while putting their reports together.
