On Friday, the 15th of November, the year 4/5 class travelled to Flame Lily Adventures in Burrum Heads for our end of year fun day. The day consisted of three activities including Kayaking (with life jackets), a commando course (building resilience and confidence) and laser skirmish (cooperative team building skills).

Armed and ready to go.

Everyone had fun and took their part very seriously.
It was hard to recognize everyone!

Watch out for these guys!

The friendly enemy.
Is he one of ours?

On the attack!

The scout.

What a team!
We also did other stuff...

...like kayaking

It was a little tricky getting out there.

But we managed.
The commando course was fun as well.

The students had no idea what they were in for.

The activities ranged from climbing nets . . . .
And getting down again . . .

Balancing on logs . . .

The students needed good balance and careful footing.
They also had to scale ladders and towers, swing on ropes. . . .

(Without falling)

Sometimes things didn’t go as planned.

And sometimes it all seemed a little daunting.
Running through tyres was also a challenging activity.

With some tricky moves.

Yes, the students were pushed, just like true commandoes.

But they had a lot of fun.

Lunch and a drink was very welcomed.
