Year 1 / 2 Excursion to High School and Woolworths

Yr 1 / 2, studying Paddock to Plate this term, visited the High School Agricultural grounds to look at the farm animals kept there. They were given a tour by the Yr 12 students and their teacher, Cathy Kristsen. For an hour, the children had the experience of feeding and patting sheep, goats, chickens, pigs and cows.

They learnt what the animals ate and how to care for them.

Both children and animals were all happy by the end of the wonderful tour. The students gave a big thankyou to Cathy and her Year 12 class.
After the High School visit, Year 1 / 2 walked to Woolworths where they met with the store manager, Mr Wade Broderick. Wade took them on a guided tour and showed them different products.

The students learnt that 96% of fruit and vegetables in the store comes from Australia.

Out the back of the store, the students all had to wear hair nets. They had firsthand experience on how to wrap fruit and were shown how mince is made in the Woolworth’s butchery.
The children were given a scrumptious lunch of wraps, chicken pieces, sausages and fruit. Wade also gave each student a little gift from Woolworths which included a plastic tray with a water bottle, fruit, a pen and a colouring-in sheet. After their big day, the students walked back to school.
